OBJECTIVE

Aspiring DevOps Engineer with practical experience in Linux, AWS, Git, and application deployment, complemented by a strong foundation in backend development and database management. Seeking to leverage technical skills to build scalable, reliable, and automated cloud-based solutions.

PROFESSIONAL EXPERIENCE

Vcode Wonders

Software Developer Intern

Puducherry, India

Apr 2026 – Present

- Contributing to backend application development using Python and FastAPI.

Nokia Networks (Subcon of UST)

Network Operations Associate

Apr 2025 – Dec 2025

- Monitored and supported telecom network operations to ensure service availability and operational stability.
- Performed incident analysis, troubleshooting, and escalation management in a production support environment.

PROJECTS

Full Stack Application Deployment & Infrastructure Management on AWS

Technologies: AWS EC2 | Linux | Python | FastAPI | PostgreSQL | Docker | Jenkins

- Deployed a full-stack application on an AWS EC2 Linux environment.
- Configured application runtime, dependency management, and environment variables for deployment.
- Integrated PostgreSQL with the backend and executed Alembic database schema migrations.
- Configured Nginx Reverse Proxy for backend service exposure and request routing.
- Utilized Git and GitHub for source code management and deployment workflows.
- Performed Linux administration, application monitoring, log analysis, and deployment troubleshooting.

EDUCATION

Annamalai University

Master of Business Administration (Systems) | CGPA: 7.6

Chidambaram, India

2025 – 2026

Manakula Vinayagar Institute of Technology

Bachelor of Technology in Information Technology | CGPA: 7.6

Puducherry, India

2020 – 2024

TECHNICAL SKILLS

- **Programming:** Python
- **Backend:** FastAPI
- **Database:** PostgreSQL
- **Cloud & DevOps:** AWS (EC2, S3), Docker, Git, GitHub, Jenkins
- **Operating Systems:** Linux , Windows

CERTIFICATIONS

- Linux Foundation
- AWS Cloud Practitioner Essentials
